discharge of the responsibilities of federal agencies. Authority to make this determination, after screening with all federal agencies, rests with the Military Departments.

(j) *Communities in the Vicinity of the Installation.* The communities that constitute the political jurisdictions (other than the State in which the installation is located) that comprise the redevelopment authority for the installation.

(k) *Installation.* A base, camp, post, station, yard, center, homeport facility for any ship, or other activity under the jurisdiction of the Department of Defense, including any leased facility. Such term does not include any facility used primarily for civil works, rivers, and harbors projects, flood control, or other project not under the primary jurisdiction or control of the Department of Defense.

(l) *Similar use.* A use that is comparable to or essentially the same as the use under the original lease.

§ 175.4 Policy.

It is DoD policy to help communities impacted by base closures and realignments achieve rapid economic recovery through effective reuse of the assets of closing and realigning bases—more quickly, more efficiently, and in ways based on local market conditions and locally developed reuse plans. This will be accomplished by quickly ensuring that communities and the Military Departments communicate effectively and work together to accomplish mutual goals of quick property disposal and rapid job generation. This regulation does not create any rights of remedies and may not be relied upon by any person, organization, or other entity to allege a denial of any rights or remedies other than those provided by Title XXIX of Public Law 103–160, Public Law 103–421, or Title XXVII of Public Law 104–106.

§ 175.5 Responsibilities.

(a) The Deputy Under Secretary of Defense (Industrial Affairs and Installations), after coordination with the

32 CFR Ch. I (7–1–02 Edition)

General Counsel of the Department of Defense and other officials as appropriate, may issue guidance through the publication of a Manual or other such document necessary to implement laws, Directives and Instructions on the retention or disposal of real and personal property at closing or realigning bases.

(b) The Heads of the DoD Components shall ensure compliance with this part and guidance issued by the Assistant Secretary of Defense for Economic Security and the Deputy Under Secretary of Defense (Industrial Affairs and Installations) on revitalizing base closure communities.

§ 175.7 Procedures.

(a) Identification of interest in real property. (1) To speed the economy recovery of communities affected by closures and realignments, it is DoD policy to identify DoD and federal interests in real property at closing and realigning military bases as quickly as possible. The Military Department having responsibility for the closing or realigning base shall identify such interests. The Military Department will keep the Local Redevelopment Authority (LRA) informed of these interests. This section establishes a uniform process, with specified timelines, for identifying real property which is excess to the Military Department for use by other Departments of Defense (DoD) Components and other federal agencies, and for the disposal of surplus property for various purposes.

(2) Upon the President's submission of the recommendations for base closures and realignments to the Congress in accordance with the Defense Base Closure and Realignment Act of 1990 (Pub. L. 101-510), the Military Department shall send out a notice of potential availability to the other DoD Components, and other federal agencies. The notice of potential availability is a public document and should be made available in a timely basis, upon request. Federal agencies are encouraged to review this list, and to evaluate whether they may have a requirement for the listed properties. The notice of potential availability should describe the property and buildings that may be available for transfer. Installations which wholly or in part are comprised of withdrawn and reserved public domain lands should implement paragraph (a)(12) of this section at the same time.

(3) Military Departments should consider LRA input in making determinations on the retention of property (size of cantonment area), if provided. Generally, determinations on the retention of property (or size of the cantonment

area) should be completed prior to the date of approval of the closure or realignment.

(4) Within one week of the date of approval of the closure or realignment, the Military Department shall issue a formal notice of availability to other DoD Components and federal agencies covering closing and realigning installation buildings and property available for transfer to other DoD Components and federal agencies. Withdrawn public domain lands, which the Secretary of the Interior has determined are suitable for return to his jurisdiction, will not be included in the notice of availability.

(5) Within 30 days of date of the notice of availability, any DoD Component or federal agency is required to provide a written, firm expression of interest for buildings and property. An expression of interest must explain the intended use and the corresponding requirement for the buildings and property.

(6) Within 60 days of the date of the notice of availability, the DoD Component or federal agency expressing interest in buildings or property must submit an application for transfer of such property to the Military Department or federal agency.

(i) Within 90 days of the notice of availability, the FAA should survey the air traffic control and air navigation equipment at the installation to determine what is needed to support the air traffic control, surveillance, and communications functions supported by the Military Department, and to identify the facilities needed to support the National Airspace System. FAA requests for property to manage the National Airspace System will not be governed by paragraph (a)(9) of this section. Instead, such requests will be governed by the requirements of 41 CFR 101-47.308-2, to determine the transfer of property necessary for control of the airspace being relinquished by the Military Department.

(7) The Military Department will keep the LRA informed of the progress in identifying interests. At the same time, the LRA is encouraged to contact federal agencies which sponsor public benefit transfers for information and
